Question:	<i>Whether the proposed works of restoring an existing dwelling house is or is or is not development and if so, are they exempted development.</i>
Applicant:	<i>Brendan Bergin</i>
Correspondence Address:	
Location:	<i>9 Cokery Lane, Edenderry, Co. Offaly R45 XW22.</i>

1. Introduction

The question has arisen as to whether the proposed works of restoring an existing dwelling house is or is or is not development and if so, are they exempted development.

2. Background

The existing detached dwelling house is located on Cokery Lane, approximately 170 metres from Edenderry National School.

Photo 1: Subject Site.

3. Site History

Ref 07529 – Brendan Bergin was granted permission conditionally for the construction of a two storey extension to rear, single storey extension to side, increased ridge height, de-commissioning of septic tank and extension of foul drain to public mains and the demolition of lean-to storage shed to rear.

Ref EX12036 – Brendan Bergin was granted an extension of duration for the above.

4. Legislative Context

In order to assess whether or not the proposed works constitute exempted development, regard must be had to the following items of legislation:

Statutory Provisions

Section 2 (1) Planning and Development Act 2000, as amended, states as follows:

“house” means a building or part of a building which is being or has been occupied as a dwelling or was provided for use as a dwelling but has not been occupied, and where appropriate, includes a building which was designed for use as 2 or more dwellings or a flat, an apartment or other dwelling within such a building;

“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Section 3 (1) Planning and Development Act 2000, as amended, defines development.

“development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4 - Exempted Development

Section 4 (1) (a) – (l) sets out what is exempted development for the purposes of this Act including:

- (h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure and which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or neighbouring structures.*

5. Proposal by Applicants

The Applicant has advised they intend to restore the existing dwelling house to its original condition and bring it up to a livable standard. The applicant has stated there will be no changes made to the exterior of the dwelling.

6. Evaluation

Question: Whether the proposed works (as listed) to the existing dwelling are development and if so, are they exempted development?

In considering the proposed works against the definitions of ‘development’ and ‘works’ as provided in the Act, it is the view of the Planning Authority that the proposed works are deemed as development as it includes refurbishments and alterations to the existing dwelling.

Question: Is this proposal considered as Exempted Development?

The declaration will be assessed under Section 4 (1)(h) of the Planning and Development Act 2000 (as amended). In that regard it is considered that the proposed works are exempt.

7. Appropriate Assessment

A screening exercise for an appropriate assessment has been carried out and it is concluded that the development is unlikely to have significant effects on any European sites. Please see attached report under Appendix A.

8. Recommendation

It is recommended that the Applicant be advised that the proposed development **is development** and **is exempted development**.

Declaration on Development and Exempted Development

Section 5 of the Planning and Development Act 2000 (as amended)

WHEREAS a question has arisen as to whether *restoring an existing dwelling house* is or is not development and if so, are they exempted development at 12 Cherry Apartment, Granary Court, Edenderry, Co. Offaly R45 X991.

AS INDICATED on the particulars received by the Planning Authority on the 24/10/2023

AND WHEREAS Brendan Bergin requested a declaration on the said question from Offaly County Council;

AND WHEREAS Offaly County Council, in considering this declaration request, had regard particularly to:

- (a) Section 2, 3(1) and 4(1)(h) of the Planning & Development Act 2000, as amended.

AND WHEREAS Offaly County Council has concluded that the proposed works is development and is exempted development.

NOW THEREFORE Offaly County Council, in exercise of the powers conferred on it by Section 5(2)(a) of the Planning and Development Act 2000 (as amended), hereby decides that:

- *Whether the proposed works of restoring an existing dwelling house is or is or is not development and if so, are they exempted development at 9 Cokery Lane, Edenderry, Co. Offaly R45 XW22.*

Please note that any person issued with a declaration under subsection 2(a) of the Planning and Development Act 2000 (as amended) may on payment to the Board of the prescribed fee, refer a declaration to An Bord Pleanála within 4 weeks of the issuing of the decision.

APPROPRIATE ASSESSMENT SCREENING REPORT FOR PLANNING APPLICATIONS

Screening is used to determine if an AA is necessary by examining:

- If the plan / project is directly connected with / necessary to the management of the European site.
- If the effects will be significant on a European site in view of its conservation objectives, either alone / in combination with other plans / projects.

Planning Authority: OCC

Planning Application Ref. No: DEC 23/41

(A) DESCRIPTION OF PROJECT AND LOCAL SITE:			
Proposed development:	Whether the proposed works of restoring an existing dwelling house is or is not development and if so, are they exempted development.		
Site location:	9 Cokery Lane, Edenderry, Co. Offaly R45 XW22		
Site size:	Not given	Floor Area of Proposed Development:	Not given
Identification of nearby European Site(s):	The Long Derries, Edenderry SAC		
Distance to European Site(s):	As above – all as crow flies		
The characteristics of existing, proposed or other approved plans / projects which may cause interactive / cumulative impacts with the project being assessed and which may affect the European site:	None		
Is the application accompanied by an EIAR?	No: X		
(B) IDENTIFICATION OF THE RELEVANT EUROPEAN SITE(S):			
The reasons for the designation of the European site(s):			
The Long Derries SAC – Features of interest include: [6210] Orchid-rich Calcareous Grassland*			
The conservation objectives / qualifying interests of the site and the factors that contributes to the conservation value of the site: (which are taken from the European site synopses and, if applicable, a Conservation Management Plan; all available on www.npws.ie) (ATTACH INFO.)			
Site Name: The Long Derries SAC Site Code: 000925 https://www.npws.ie/sites/default/files/protected-sites/synopsis/SY000925.pdf			
(C) NPWS ADVICE:			
Advice received from NPWS over phone:	None Received		
Summary of advice received from NPWS in written form (ATTACH SAME):	None Received		
(D) ASSESSMENT OF LIKELY SIGNIFICANT EFFECTS:			

(The purpose of this is to identify if the effect(s) identified could be significant – if uncertain assume the effect(s) are significant).

If the answer is 'yes' to any of the questions below, then the effect is significant.
(Please justify your answer. 'Yes' / 'No' alone is insufficient)

Would there be...

... any impact on an Annex 1 habitat?

(Annex 1 habitats are listed in Appendix 1 of AA Guidance).

Not likely due to the location and type of development.
The site is sufficient distance from the European site.

... a reduction in habitat area on a European site?

There will be no reduction in the habitat area.
The site is sufficient distance from the European site.

... direct / indirect damage to the physical quality of the environment (e.g. water quality and supply, soil compaction) in the European site?

Not likely due to the location and type of development
The site is sufficient distance from the European site.

... serious / ongoing disturbance to species / habitats for which the European site is selected (e.g. because of increased noise, illumination and human activity)?

Not likely due to the location and type of development
The site is sufficient distance from the European site.

... direct / indirect damage to the size, characteristics or reproductive ability of populations on the European site?

None likely due to the location and type of development.
The site is sufficient distance from the European site.

Would the project interfere with mitigation measures put in place for other plans / projects. [Look at *in-combination effects* with completed, approved but not completed, and proposed plans / projects. Look at projects / plans within and adjacent to European sites and identify them]. Simply stating that there are no cumulative impacts' is insufficient.

No other plans known of in the vicinity of the site.
The site is sufficient distance from the European site.

(E) SCREENING CONCLUSION:

Screening can result in:

1.

AA is not required because the project is directly connected with / necessary to the nature conservation management of the site.

2.

No potential for significant effects / AA is not required.

3.

Significant effects are certain, likely or uncertain. (In this situation seek a Natura Impact Statement from the applicant, or reject the project. Reject if too potentially damaging / inappropriate.

Therefore, does the project fall into category 1, 2 or 3 above?

Category 2

Justify why it falls into relevant category above:

There would be no likely significant impact on the European site from the proposed development due to the scale of the proposed development and the separation distance between the subject site and European Site.
