Question:	<i>Whether the proposed internal renovations to existing dwelling is or is not development and is or is not exempted development.</i>
Applicant:	<i>Dermot Sheridan and Carmel Lavin</i>
Correspondence Address:	
Location:	<i>Rathcobican, Rhode, Co. Offaly, R35 E1X6</i>

1. Introduction

The question has arisen as to whether the proposed internal renovations to existing dwelling is or is not development and is or is not exempted development.

2. Background

The existing one storey house is located in a Stronger Rural Area and has a low sensitivity classification. There are multiple dwellings within the vicinity of the site. The site is located off a local secondary road, approximately 700m from Rhode National School (Scoil Mhuire Naofa).

1. Site History

Adjoining sites:

Ref 89256: Frank Haren was granted permission conditionally for the extension of a dwellinghouse.

2. Legislative Context

In order to assess whether or not the proposed works constitute exempted development, regard must be had to the following items of legislation:

Statutory Provisions

Section 2 (1) Planning and Development Act 2000, as amended, states as follows:

"house" means a building or part of a building which is being or has been occupied as a dwelling or was provided for use as a dwelling but has not been occupied, and where appropriate, includes a building which was designed for use as 2 or more dwellings or a flat, an apartment or other dwelling within such a building;

"works" includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Section 3 (1) Planning and Development Act 2000, as amended, defines development.

"development" means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4 - Exempted Development

Section 4 (1) (a) – (l) sets out what is exempted development for the purposes of this Act including:

- (h) *development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure and which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or neighbouring structures.*

3. Proposal by Applicants

The Applicant has advised of the proposed works to an existing dwelling. The applicant has stated the proposed renovations are internal.

3. Evaluation

Question: *Whether the proposed works (as listed) to the existing dwelling are development and if so, are they exempted development?*

In considering the proposed works against the definitions of 'development' and 'works' as provided in the Act, it is the view of the Planning Authority that the proposed works are deemed as development as it includes renovations and alterations to the existing dwelling.

Question: Is this proposal considered as Exempted Development?

With regard to the proposed works which are described in the submitted documents, the Planning Authority are satisfied that the proposed works would not result in a material alteration to the appearance of the dwelling and would not be detrimental to the character of the site or surrounding area. It is the opinion of the planning authority that these works meet the criteria of exempt development under regulatory provisions.

An appropriate assessment screening has been carried out see attached.

7. Conclusion

It is recommended that the Applicant be advised that the proposed development is **development** and is **exempted development**.

Declaration on Development and Exempted Development

Section 5 of the Planning and Development Act 2000 (as amended)

WHEREAS a question has arisen as to whether the proposed works of internal renovations to existing dwelling is or is not development and is or is not exempted development at Rathcobican, Rhode, Co. Offaly, R35 E1X6.

AS INDICATED on the particulars received by the Planning Authority on the 23rd January 2024.

AND WHEREAS Dermot Sheridan and Carmel Lavin requested a declaration on the said question from Offaly County Council;

AND WHEREAS Offaly County Council, in considering this declaration request, had regard particularly to:

- (a) Section 2, 3(1) and 4(1)(h) of the Planning & Development Act 2000, as amended.

AND WHEREAS Offaly County Council has concluded that the proposed works is development and is exempted development.

NOW THEREFORE Offaly County Council, in exercise of the powers conferred on it by Section 5(2)(a) of the Planning and Development Act 2000 (as amended), hereby decides that:

- The proposed works of internal renovations to existing dwelling **is development** and **is exempted development** at Rathcobican, Rhode, Co. Offaly, R35 E1X6.

Please note that any person issued with a declaration under subsection 2(a) of the Planning and Development Act 2000 (as amended) may on payment to the Board of the prescribed fee, refer a declaration to An Bord Pleanála within 4 weeks of the issuing of the decision.

APPENDIX A

APPROPRIATE ASSESSMENT SCREENING REPORT FOR PLANNING APPLICATIONS

Screening is used to determine if an AA is necessary by examining:

- If the plan / project is directly connected with / necessary to the management of the European site.
- If the effects will be significant on a European site in view of its conservation objectives, either alone / in combination with other plans / projects.

Planning Authority: OCC

Planning Application Ref. No: DEC 24/12

(A) DESCRIPTION OF PROJECT AND LOCAL SITE:			
Proposed development:	Whether the proposed internal renovations to existing dwelling is or is not development and is or is not exempted development.		
Site location:	Rathcobican, Rhode, Co. Offaly, R35 E1X6.		
Site size:	0.16 hectares	Floor Area of Proposed Development:	N/A
Identification of nearby European Site(s):	Raheenmore Bog SAC		
Distance to European Site(s):	As above – all as crow flies		
The characteristics of existing, proposed or other approved plans / projects which may cause interactive / cumulative impacts with the project being assessed and which may affect the European site:	None		
Is the application accompanied by an EIAR?		No: X	
(B) IDENTIFICATION OF THE RELEVANT EUROPEAN SITE(S):			
The reasons for the designation of the European site(s):			
Raheenmore Bog SAC– Features of interest include: [7110] Raised Bog (Active)* [7120] Degraded Raised Bog [7150] Rhynchosporion Vegetation			
The conservation objectives / qualifying interests of the site and the factors that contributes to the conservation value of the site: (which are taken from the European site synopses and, if applicable, a Conservation Management Plan; all available on www.npws.ie) (ATTACH INFO.)			
Site Name: Raheenmore Bog SAC Site Code: 000582 https://www.npws.ie/sites/default/files/protected-sites/synopsis/SY000582.pdf			
(C) NPWS ADVICE:			
Advice received from NPWS over phone:	None Received		
Summary of advice received from NPWS in written form (ATTACH SAME):	None Received		
(D) ASSESSMENT OF LIKELY SIGNIFICANT EFFECTS:			

(The purpose of this is to identify if the effect(s) identified could be significant
– if **uncertain** assume the effect(s) are significant).

If the answer is 'yes' to any of the questions below, then the effect is significant.
(Please justify your answer. 'Yes' / 'No' alone is insufficient)

Would there be...

... any impact on an Annex 1 habitat?

(Annex 1 habitats are listed in Appendix 1 of AA Guidance).

Not likely due to the location and type of development.
The site is sufficient distance from the European site.

... a reduction in habitat area on a
European site?

There will be no reduction in the habitat area.
The site is sufficient distance from the European site.

... direct / indirect damage to the physical quality of the
environment (e.g. water quality and supply, soil compaction)
in the European site?

Not likely due to the location and type of development
The site is sufficient distance from the European site.

... serious / ongoing disturbance to species / habitats for
which the European site is selected (e.g. because of
increased noise, illumination and human activity)?

Not likely due to the location and type of development
The site is sufficient distance from the European site.

... direct / indirect damage to the size, characteristics or
reproductive ability of populations on the European site?

None likely due to the location and type of development.
The site is sufficient distance from the European site.

Would the project interfere with mitigation measures put in
place for other plans / projects. [Look at *in-combination*
effects with completed, approved but not completed, and
proposed plans / projects. Look at projects / plans within
and adjacent to European sites and identify them]. Simply
stating that there are no cumulative impacts' is insufficient.

No other plans known of in the vicinity of the site.
The site is sufficient distance from the European site.

(E) SCREENING CONCLUSION:

Screening can result in:

1.

AA is not required because the project is directly connected with / necessary to the nature conservation management of the site.

2.

No potential for significant effects / AA is not required.

3.

Significant effects are certain, likely or uncertain. (In this situation seek a Natura Impact Statement from the applicant, or reject the project. Reject if too potentially damaging / inappropriate.

Therefore, does the project fall into category
1, 2 or 3 above?

Category 2

Justify why it falls into relevant category
above:

There would be no likely significant impact on the European site from the proposed development due to the scale of the proposed development and the separation distance between the subject site and European Site.
