Planning Report - Section 5 Declaration

File Reference:	Dec. 25/56
Question:	Whether the proposed installation of external wall insulation to an existing dwelling is or is not development and is or is not exempted
Applicant:	John Guerin
Correspondence Address:	Military Road, Crinkill, Birr, R42 XN36
Location:	As above.

1. Introduction

The question has arisen as to whether the proposed installation of external wall insulation to an existing dwelling at Military Road, Crinkill, Birr, R42 XN36 is or is not development and is or is not exempted development.

2. Background

The dwelling is located within Crinkill and zoned as Existing Residential under the Birr Local Area Plan 2023 – 2029.

Figure 1 - Subject Site Location.

Photo 1 – Subject site.

3. Site History

On Site – No recent planning history associated with the subject site.

Enforcement – No recent history associated with the subject site.

Adjoining Lands - No recent planning history associated with the adjoining lands.

4. Legislative Context

In order to assess whether or not the proposed works constitute exempted development, regard must be had to the following items of legislation:

Statutory Provisions

Section 2 (1) Planning and Development Act 2000, as amended, states as follows:

“house” means a building or part of a building which is being or has been occupied as a dwelling or was provided for use as a dwelling but has not been occupied, and where appropriate, includes a building which was designed for use as 2 or more dwellings or a flat, an apartment or other dwelling within such a building;

“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Section 3 (1) Planning and Development Act 2000, as amended, defines development.

“development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4 - Exempted Development

Section 4 (1) (a) – (l) sets out what is exempted development for the purposes of this Act including:

- (h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure and which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or neighbouring structures.*

5. Proposal by Applicants

The Applicant has advised that the proposed works will include the application of external wall insulation to the existing dwelling and he is currently awaiting quotes from the following companies: www.ecotecinsulation.org/externalinsulation and www.ecowrap.ie.

6. Evaluation

Question: Whether the proposed works (as listed) to the existing dwelling are development and if so, are they exempted development?

In considering the proposed works against the definitions of ‘development’ and ‘works’ as provided in the Act, it is the view of the Planning Authority that the proposed works are deemed as development as it includes refurbishments to the existing dwelling.

Question: Is this proposal considered as Exempted Development?

With regard to the proposed works which are described in the submitted documents, the Planning Authority are satisfied that the proposed works would not result in a material alteration to the appearance of the dwelling and would not be inconsistent with the character of area.

The refurbishments proposed by the applicant are harmonious with Section 4 (1) (h) of the Planning and Development Act 2000 (as amended). It is the opinion of the Planning Authority that these works meet the criteria of exempt development under statutory provisions.

7. Appropriate Assessment (AA)

The subject site is located c. 2.47km from Lisduff Fen SAC. Having regard to the nature of the proposed works (i.e. external wrap of existing dwelling); its location at Crinkill; and, the lack of any pathway to a European site it is considered that the proposed development would not be likely to have a significant effect individually, or in-combination with other plans and projects, on the Natura 2000 network and appropriate assessment is not therefore required.

8. EIA Screening

No screening required, see appendix A attached.

9. Other Screening

The proposed development is not contrary to the RSES and so it was not referred to the Eastern and Midland Regional Assembly.

10. Conclusion

It is recommended that the Applicant be advised that the proposed development **is development** and **is exempted development**.
