3. Site History

None indicated on the Planning GIS Planning Register

4. Legislative Context

In order to assess whether or not the proposed works constitute exempted development, regard must be had to the following items of legislation:

Statutory Provisions

Section 2 (1) Planning and Development Act 2000, as amended, states as follows:

“house” means a building or part of a building which is being or has been occupied as a dwelling or was provided for use as a dwelling but has not been occupied, and where appropriate, includes a building which was designed for use as 2 or more dwellings or a flat, an apartment or other dwelling within such a building;

“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Section 3 (1) Planning and Development Act 2000, as amended, defines development.

“development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4 - Exempted Development

Section 4 (1) (a) – (l) sets out what is exempted development for the purposes of this Act including:

- (h) *development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure and which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or neighbouring structures.*

5. APPROPRIATE ASSESSMENT (AA)

The subject site is located 2.14km from SAC 000571-Charleville Woods.

Having regard to whether use of the proposed renovation of existing dwelling which comprises of:

- Replumbing
- Internal insulation
- New windows
- New internal & external doors
- New bathroom and kitchen &
- Fix gutters

at 9 Thornsberry Estate, Tullamore, Co. Offaly. R35 XR66 and due to a lack of any pathway to a European site it is considered that the proposed development would not be likely to have a significant effect individually, or in-combination with other plans and projects, on the Natura 2000 network and appropriate assessment is not therefore required.

6. EIA SCREENING:

No EIA required, see appendix A attached.

7. OTHER SCREENING:

The proposed development is not contrary to the RSES and so it was not referred to the Eastern and Midland Regional Assembly.

8. Proposal by Applicant

The Applicant has indicated that the following works will be carried out:

- Replumbing
- Internal insulation
- New windows
- New internal & external doors
- New bathroom and kitchen &
- Fix gutters

9. Evaluation

Question: *Whether the proposed works (as listed) to the existing dwelling are development and if so, are they exempted development?*

In considering the proposed works against the definitions of 'development' and 'works' as provided in the Act, it is the view of the Planning Authority that the

proposed works are deemed as development as it includes alterations and repairs to the existing dwelling.

Question: Is this proposal considered as Exempted Development?

With regard to the proposed works which are described in the submitted documents, the Planning Authority are satisfied that the proposed works would not result in a material alteration to the dwelling appearance and the finished development would not be inconsistent with the character of the structure.

7. Conclusion

It is recommended that the Applicant be advised that the proposed development is **development** and is **exempted development**.
