Subject: Inclusion of land to be zoned for residential use, Edenderry, Co. Offaly

Re: Publication of Residential Zoned Land Tax Annual Draft Map for 2026 and Opportunity to Make Rezoning Requests on Final Map for 2025

To whom it may concern,

I wish to make a submission for land belonging to me at Clonmullen, Edenderry, Co. Offaly to be included in the development plan as zoned for residential use. The land borders Edenderry town and all services are available to it. It could have potential for development for housing given the presence of housing developments around its borders.

I attach a map of the land, borders highlighted in orange, for your consideration.

My contact details are:

Robert Bergin

Many thanks,
Robert
