GENERAL NOTES

1) All information contained in this drawing (including digital data) should be checked and verified prior to any stage of construction;

2) All works are to be carried out in accordance with local authority requirements and are to be included in the site-specific safety & health plan;

3) Site inspections and maintenance of the traffic management layout is to be agreed with local authority to ensure the safety and integrity of the design;

4) Contractor to carry out a site risk assessment prior to the installation of any traffic management plan to ensure that conditions reflect those considered for design post submission;

5) Contractor shall be responsible for the provision of ramp access at any change in road surface level where traffic runs on a temporary surface, and for pedestrian/cycle ramps where footpath/cycle-ways have a level discontinuity as per result of the works.
