Leamonaghan Bog Area 5: MA436 and MA443

Dear Planning,

I refer to Draft County Development Plan. I wish you to consider removing Leamonaghan Bog from wind turbines.

Leamonaghan area is an important part of our unique Midlands Christian Heritage. Leamonaghan is part of the pilgrim route to Clonmacnoise and in my opinion WIND TURBINES will impact negatively on this early Christian site. The unique setting of Leamonaghan, will be destroyed by the enormous size of the wind turbines TOWERING OVER THE COUNTRYSIDE. The joy of listening to birds singing, bees buzzing and sensing the spiritual stillness of the area will be blocked out by the sound of wind turbines going WHOOSH – WHOOSH.

Thank you for your consideration in this matter.

Yours sincerely,
