

remove Leamonaghan bog as an area open to consideration to Wind Energy. Wind Energy Strategy – Area 5: MA443 & MA436 Here are a few reasons:

- Reference number : MA436 & MA443
- The Lemanaghan Conservation Plan, published by the Heritage Council which was sponsored by Offaly CC developed a plan to protect the area and it should be followed
- Enormous records of archaeology have been recorded in Lemanaghan Bog, documented as one of the highest densities of wetland archaeology in the world.
- Wildlife, biodiversity, and threat of Irish Birds in decline needs to be carefully managed, habitats should be encouraged not destroyed.
- Noise Pollution
- Flicker
- Visual Amenity To name but a few.....
