*"In light of the high refusal rate for one off builds across the country, Offaly County Council calls on the Minister with responsibility for Planning:*

*- To put in place a plan which encourages the build of one off houses in our rural communities.*

- That this plan would be presented to the Oireachtas committee with responsibility for planning issues no later than December 2016.

- That the members of this committee would then draft legislation which would purposefully weaken the influence of EU policy on planning guidelines in the countryside for one off housing specifically and in turn strengthen the right of thousands of our people to be granted their desire to build their family homes in our rural communities.

- That planners would then be made aware of the relevant legislative changes with the view to allowing more one off builds and in turn the revitalisation of our rural landscape."

- Cllr. J. Clendennen

"That Offaly County Council commits the necessary resources over the duration of this council to the upgrading of ALL public lighting in Offaly to energy efficient LED Lighting."

- Cllr. J. Clendennen

"That Offaly County Council request that the Minister for Transport, Tourism & Sport, Shane Ross, retains the Sports Capital Grants Programme for 2016."
